

Webster Middle School

Santa Monica, CA

Project Type:

Underground Dry Utilities

Project Owner:

Los Angeles Unified School District

Contact:

Vector Resources, General Contractor

Doug Vigon, 310-436-1180

Final Value:

\$780,000.00

Completed August 2002 – October 2002

Project Description:

Matrix performed 4,300 L.F. of trenching work and installed piping that was to accommodate the installation of data and power cabling at this school. In addition to being under an accelerated project, this project had duct banks that at some points included 18 each 3" pipes being installed in a trench that was 60" wide and 8' deep.
